

Lima Bean is looking for a smart and talented Web Programmer to join the growing Cape Town team. The candidate must possess strong HTML and CSS skills. The candidate must also ideally have some experience in PHP / MySQL or have a desire to become more involved in these technologies in the future.

#### **JOB DETAILS**

<b>Position Title</b>	Junior Web Programmer
<b>Location</b>	Cape Town (Observatory)
<b>Job Type</b>	Permanent
<b>Start Date</b>	ASAP
<b>Salary</b>	Market related

#### **We've got:**

- An extremely smart and skilled team of web professionals that will help you grow your skills and capabilities
- Bi-annual performance and salary reviews
- World class coffee
- Free breakfast (including Cocoa Pops if you're quick enough)
- After work drinks on a Friday

#### **We don't:**

- Manage people with the "whip"
- Run out of coffee
- Judge you if you need to stay at home for a day because your geyser burst and the plumber hasn't arrived and isn't returning your calls
- Have a dress code

#### **Your role:**

- Initially, you'll programme website designs into HTML / CSS / JavaScript (typically using the Expression Engine CMS).
- Your growth path will be towards backend development, specifically with regards to database design and programming (PHP / MySQL) by utilising a variety of frameworks (such as CakePHP).

#### **KEY PERFORMANCE AREAS**

- Web (HTML, CSS) Programming: Creation of HTML, CSS of a web interface design
- Development using Expression Engine
- A strong desire to learn and grow skills (specifically towards PHP / MySQL)

## SECONDARY PERFORMANCE AREAS

- Use of JQuery to enhance websites
- Development / maintenance using PHP / MySQL

## PERSONAL ATTRIBUTES

- Self-motivated
- Enthusiastic
- Proactive
- Excellent verbal/written communication skills
- High level of attention to detail

## MINIMUM QUALIFICATIONS AND EXPERIENCE

### *Essential:*

- Matric
- Higher Grade Maths
- Experience in HTML, CSS
- Competence in Adobe Photoshop

### *Preferred:*

- Experience in Expression Engine
- Experience in PHP / MySQL
- Relevant diploma or tertiary qualification
