Nanodegree & possible Internship Opportunity

Lima Bean is a well-established and well known Digital Agency offering the opportunity to 5 determined and goal driven individuals to grow and excel in Programming with an Udacity Nanodegree Program, experience and training to the value of R 8 000. The Program will take +/- 3 months to complete based on your skill and progress level.

What we offer

1. A fully paid Front-End Developer Nanodegree with Udacity, which will be completed in Lima Bean Offices.
2. Exposure and basic skill development learning with Codecademy.
3. Mentoring from the best web professionals as well as development and exposure into a solid programming working environment to jump start your programming career.
4. Possible Internship with Lima Bean, dependent on your results, growth and skill.
5. Bottomless world class coffee.
6. Free breakfast (including Cocoa Pops if you're quick enough).

Minimum requirements

1. Matric; with Maths as a subject.
2. Passion for Programming and Development.
3. Available to start immediately.

How to apply

Send your full CV, Matric Certificate and ID copy to *nanodegree@limabean.co.za* . Due to the amount of applications we receive, should you not get feedback within two weeks, please accept your application as unsuccessful – Thank you.
